Protestant Christianity's
Newest Mission Field

Give to the Nepal Fund
What is the Mission to Nepal?

It is a Christian Medical Mission, International and Interdenominational.

Where is Nepal?

Nepal is a small mountainous independent Hindu and Buddhist Country on the northern border of India and the southern border of Tibet. It is Protestant Christianity's newest missionary field.

When did the Mission Begin?

The Mission was formally established on January 7, 1954 by Dr. Robert and Dr. Bethel Fleming of the Methodist Church, Dr. Carl W. Friedricks of the Presbyterian Church, and Dr. Mary H. Maclachlan of the Church of Scotland.

Why is this particular Mission of Major interest to us in this Area?

In February 1955, Dr. Edgar and Dr. Elizabeth Miller, prominent and popular medical people in Wilmington, Delaware, in response to an appeal made by their friends, "The Flemings", decided to give themselves to the Mission Board for service in Nepal. The "Millers" are widely known in this section and their many friends and patients are vitally interested in this new Mission because these Doctors will be playing major roles in the development and growth of this work. The Millers will leave for Nepal February 7, 1956.

Dr. Robert and Dr. Bethel Fleming also are well known and have personal friends in this area. They will be directing and guiding this missionary work, sharing with the Millers and missionary personnel from other church groups in its progress.
What World Churches are associated in this Mission:

1. The Methodist Church, American
2. The Methodist Church, British
3. The Anglican Church, British Episcopal
4. The United Church of North India, Presbyterian and Congregational
5. The Baptist Church, British
6. The Christian Church, American
7. The Presbyterian Church, American

Note—These churches are in the process of forming a United Christian Witness to Northern India.

What is the Immediate Goal of the Mission?

Nepal has a population of some 9,000,000 people with very primitive and meager medical facilities. The rich go to other countries for medical care. The masses of people suffer and die because there is no place to go for help. Only one per cent have anything like modern medical care. The immediate need is for a medical center with good hospital facilities.

What has already been Accomplished?

1. The Government of Nepal will provide a Government building for the Hospital.
2. Medical Missionary Personnel has been provided by: The Methodist Church, The Presbyterian Church, The Disciples, and The Church of Scotland.
3. A combination X-ray Fluoroscope has been provided by The Richardson Park Methodist Church.
4. An Electrocardiograph Machine has been provided by The Methodist Church in Philipsburg, Pa.
5. A set of surgical instruments has been provided by West Presbyterian Church of Wilmington, Delaware.
6. A fine Medical Library has been provided by Dr. Edgar and Dr. Elizabeth Miller, supplemented by The Academy of Medicine of Wilmington, Delaware.
What can you Provide?

The needs are many, large and small, so that it is possible for everyone to provide something. Children may share, as well as adults; folks of small means as well as those of large; small churches as well as large ones.

Select a single item or several items from the following list:

### Bed Unit

<td>2 Jeeps @ $3,000.</td>
<td>$3000.00</td>
</tr>
</tbody>
</table>

(Millers will provide their jeep)

N.B.—These are approximate costs. We would prefer cash to cover various costs so that purchases will be uniform.

The above list does not include surgical and operating room needs. There are many items which cannot be anticipated at this moment. Some person or groups may wish to contribute sums which may be used for whatever the Doctors think is most important, thus covering the cost of many needs which are not listed here.

As some of the equipment has been purchased here, cash is also needed to pay for transport charges to Nepal. The donor may provide a little extra to accomplish this.
How do we go about providing these needs:

I. Through your church
   a. Select the items you wish to provide.
   b. Give this information with money to the proper person in charge of missionary work in your church.
   c. One person in each church should receive individual and group gifts and follow the instructions below:
      1. List gifts and donors.
      2. Send this list with one check to cover entire amount to:
         The Nepal Fund
         P. O. Box 1414
         Wilmington 99, Delaware
      3. Include following information:
         a. Name and address of the Church.
         b. Name and address of the Pastor.

Note—In Methodist Churches these gifts will be credited to the church as an Advance Special.

II. Directly
   a. For persons or groups who wish to make direct contributions:
      1. Select items you wish to provide.
      2. Send this information with your check to:
         The Nepal Fund
         P. O. Box 1414
         Wilmington 99, Delaware
